Europe – West Africa

Directly from Europe to West Africa

for **non-containerised**

and containerised cargo

Specialist project cargo and breakbulk services to West Africa

NileDutch has grown to be one of the largest container shipping companies in the world. We focus on the links between (West) Africa and the rest of the world, supporting companies as they discover the opportunities the African continent offers.

Our specialist services, especially suited for:

- bulk (malt)
- breakbulk (steel, machinery, bags, cars)
- project cargo and
- containers from Europe to West Africa

The NileDutch fleet of container vessels is supplemented by vessels specially designed for OOG and project cargo. These include modern OOG tweendeck vessels of 12,000-18,000 dwt.
